POINT OF SALE SYSTEM

Profile: Small, single outlet, retailer located in tourist destination. Retailer caters to a specialty craft market by selling supplies, materials and equipment. Retailer also provides beginning to advanced instructional workshops.

Issue: Client uses a cash register for Point of Sale System, handwritten receipts for Inventory Control, and sign in book for Customer Database.

Services Provided: We conducted an analysis and research for a cost effective, integrated, computerized Point of Sale, Inventory Control and Customer Database. In addition, we are providing services for the successful preparation and implementation of the system.

Return on Objective: Retailer is realizing a weekly savings of 10 person-hours over previous system.
