Hello All

I am writing to give a long overdue testimonial to our own Artie (Arthur) Sullivan of Schooner Group.

I sincerely appreciate all your efforts in contributing to my success this past year, not only with referrals but in helping me hone my message, practice public speaking, build my networking skills and making new friends, as a client of Schooner Group, Artie has helped me focus my energies on where they will be most effective.

This has enabled me to help me grow my business quickly, in the most efficient way possible. Without his direction I would be on a different tangent every day and spending a great deal of time chasing my tail.

I can confidently recommend Artie to anyone in business as both a BNI member AND a client.

Wishing you all the utmost success in 2008!

Scott
